Of Defective Vision

Many persons have the idea that defective vision manifests itself only in a failure or inability to see clearly, but itching, burning, smarting of the lids, dull pains in the eyes or head, even the back of the head, all come from irregularities in the optical construction of the eyes and may be entirely relieved by correctly fitted glasses.

DR. J. T. JOHNSON Guarantees to correct every case that he undertakes. If your eyes are giving annoyance consult him at once.

"JACK" BOSTICK IS DEAD.

Passed Away at 1:30 O'Clock Yesterday Afternoon.

John Henry Bostick passed away at 1:30 o'clock yesterday afternoon at the home of Mrs. Hawkins on Asheville street, after an illness of six days. The young man was taken sick last Monday and his condition at once became serious, his case having been diagnosed as cerebro spinal meningitis. Competent physicians attended him and all that medical skill and loving hands could do, was done for him. His father and sister arrived Thursday from Randleman and remained constantly at his bedside until death, the grim reaper, claimed him. His brother, from Virginia, was also with him when he died.

Mr. Bostick was eighteen years old and a telegraph operator in the Southern office here. He had been in Greensboro but about a month, having been lately promoted from the position of night operator at High Point. Though here but a short while he had, by his polished manners and gentlemanly conduct, won the admiration and friendship of his associates and other acquaintances, who deeply sympathize with his parents in the bereavement of a noble son and his brothers and sisters in the loss of a loving brother.

The remains, accompanied by the young man's relatives and several formal companions and friends, left here on the local last night for High Point, from which place the Southern provided a special train to take the funeral party to Randleman, where the funeral will be preached at 4:30 o'clock this afternoon.

Among the number of floral tributes yesterday afternoon was a lovely cross contributed by Mr. Bostick's associates in the telegraph office.

UNMERCIFUL DRUBBING.

Lehigh Goes Down in Crushing Defeat Before Carolina.

The ball game at the park Saturday afternoon was uninteresting because it was one-sided. Lehigh was pitted against the University of North Carolina, and from the good game the day before—5 to 0—in favor of Carolina, the spectators looked for close work. Their expectations were increased when the first two innings were played and neither side scored. In the third Carolina scored two runs and Lehigh one. The fourth Lehigh lost her grip and Carolina piled up four more against one for Lehigh. The game was won. Lehigh was in the game no more.

Score: R. H. E.

Carolina.....002424024—18 23 4
Lehigh.....001110000—3 5 8
Batteries: Carolina, Lawson, Harkins and Graves; Lehigh, White and Parson. Struck out for Lehigh by White, 3; for Carolina, by Lawson, 5; by Harkins, 2.

Pythian District Meeting.

On Monday night, April 10, there will be a district meeting of Knights of Pythias held in the Pythian hall in Greensboro. Grand Chancellor T. S. Franklin, Vice-Grand Chancellor W. I. Underwood, Supreme Master of Excelsior Thos. D. Meares and a number of other prominent members and officers of the order will be present. Besides these, representatives of fifteen subordinate lodges will be here. To discuss matters pertaining to this important meeting, a full attendance is earnestly desired at the meeting of Greensboro Lodge No. 80 tonight. Let every member who can possibly do so come out tonight.

A Small Collision.

A small wreck, in which the engine of the Winston freight train which leaves here at five o'clock a. m., was disabled and two freight cars were almost demolished, occurred near the coal chute this morning. The shifting engine with two cars attached was standing on the track near the chute, when the Winston train started out and the latter crashed into the cars, driving them together and knocking a hole in the front end of the engine boiler and tearing the cow catcher off. It is not known who is to blame for the accident.

INSURGENTS DISCOURAGED.

The Filipinos Army Is Scattered, And Food Is Scarce.

THE N TIVES RETURNING HOME.

The Situation Is Now Clearly In The Americans' Hands—Proclamation To Be Issued.

By Cable to the TELEGRAM.

Manila, April 3.—Cavalry reconnoissances in the region north of Malolos today developed the presence of a thousand of the enemy Quingua, five miles to the north-east. After a sharp skirmish with the Americans the Filipinos retreated. Two heavy coast guns were discovered and captured by our troops, and buried in the streets of Malolos. The situation is now clearly in the Americans' hands.

The Philippine commission will immediately issue a proclamation to the natives which will not contain a word suggestive of independence for the Filipinos, but will compel their complete submission to the will of the United States. It will be eminently a humane document and will beset with broadcast in the Philippine islands, giving the natives choice between surrender and practical extinction.

NATIVES RETURNING HOME.

Manila, April 3.—The natives continue returning to their homes, coming in all along the American lines. Many, seeing that the promises for their good treatment are fulfilled, are inducing their relatives to return.

General Otis has received the following message: "Heartly congratulations on the most magnificent work of the army. ("Signed) Dewey."

NATIVE GOVERNMENT TOTTERING.

Washington, April 3.—The war department today received the following message by cable from Otis at Manila: "Present indications denote insurgent government in perilous condition. Army defeated, discouraged, scattered. Insurgents returning to their homes in the cities and villages between here and points north of Malolos, which our reconnoitering parties have reached, desire protection from the Americans. News from Visayas islands more encouraging every day. "Otis."

INSURGENTS SCARCE OF FOOD.

Manila, April 3.—Twenty miles of country between Calocan and Malolos is dotted with white flags, displaying hundreds of Filipinos returning to their homes. The better class of natives who fled at the approach of the Americans are now coming back overland to Malolos. A priest entered the lines today asking permission to return to his clerical duties. Prisoners report scarcity of food among insurgent troops. McArthur estimates that a hundred thousand homes have been deserted, and believes the desire to return home that is being manifested is a most favorable indication. The situation in the southern islands continues uncertain. The latest move of the insurgents was to extinguish the lights in the light house.

MAY BE WAR.

Trouble Approaching Between Bulgarians and Turkey.

By Cable to the TELEGRAM.

London, April 3.—Grave consequences in the Bulgarian and Turkish affairs cannot be avoided much longer. The whole Bulgarian province is armed and the situation is rapidly drifting to open revolution. The people are drilling for the coming struggle and the country is virtually in a state of siege. Turkish troops have been pouring into the most disturbed districts, concentrating chiefly in the north, and reinforcements are arriving daily.

Detachments guard the Oriental Railway from Salonica to the Serbian border. The garrison towns are packed with soldiers, and a widespread impression prevails throughout the land that momentous events are pending.

Shipwrecked Scientists.

By Wire to the TELEGRAM.

San Francisco, April 3.—Nine shipwrecked scientists, who sailed from this port early in February on the schooner Ella Orland for a cruise in the south seas, have arrived from Guaymas. As already reported they were picked up by the steamship Curacao in the Magdalena bay near where their schooner was wrecked. Prof. Anthony, who headed the expedition, was master of the craft. The object of the cruise was to study the flora fauna of the Pacific coast near the equator. They assert that the Mexican custom officers confiscated all they saved from the wreck.

Missionaries Drowned.

By Cable to the TELEGRAM.

Colon, Colombia, April 3.—The American schooner "Herald" has been lost. It is reported that Rev. Hutchinson and wife, missionaries from Michigan, were drowned.

Rev. A. P. Graves, D. D., of New York city, held services here yesterday morning in the Baptist church, Presbyterian in the afternoon, and the Methodist Episcopal last night. Mr. Graves is a strong preacher, and if you hear him one time you will want to hear all of his sermons and lectures. He will commence a series of lectures tonight. The first one will be in the Baptist church this evening at 7:45. Subject, "Father in His Home." Tuesday afternoon at 3 o'clock, "The Holy Spirit in the Home." Tuesday night, Baptist church, "The Young Lady in Her Home." We will give the rest of the program later on.

Preparations are being made to have electric lights on Steele street. This is good, but we think it would be better to put electric lights on Centennial street, where they have no sidewalks, and they can't drive a horse or a street car after dark for fear of its getting crippled while crossing the bridges.

Don't forget the minstrel tonight at the opera house at 8:30.

Prof. Will G. Kirkman will open his school of music tomorrow morning in the Groome building.

Mrs. R. J. Wiley sold her house and lot last Saturday to Silas Johnson.

The remains of J. H. Bostick, of Randleman, who died in Greensboro yesterday was brought here last night on the local and a special train was made up here to take him to his home at Randleman.

Marriage at Winston.

Mr. John B. McCreary and Miss Ella Ogburn will be married at the home of the bride's parents, Mr. and Mrs. S. A. Ogburn, at Winston, at 4 o'clock next Wednesday afternoon. Rev. Dr. Creasy will officiate. Mr. McCreary is a member of the firm of Smoak & McCreary, Iverlymen, and is one of Winston's most popular young business men. The bride-elect is a charming and accomplished young lady and has a large circle of friends. The couple will leave on the train Wednesday evening for a trip to Tennessee and Kentucky.

In Need of Dead Bodies.

The State University Medical School is in sore straits for dead bodies for dissection. The medical schools of the state are in the same condition. The law giving them the unclaimed bodies of persons dying in public institutions having been repealed these institutions find it exceedingly hard to get subjects enough for proper instruction to their classes. It is reported that the dean of the University Medical school will come to Raleigh to consult with the city physicians in regard to the matter.—News and Observer.

The 70th Anniversary.

The services at Grace M. P. church yesterday morning and night were in celebration of the 70th anniversary of the Methodist Protestant church, the stereotypical being used at night as announced. Views of the churches, educational institutions, publishing houses, prominent preachers and laymen were given on the canvass with good effect. Among the pictures was one of the M. P. Publishing House, on South Elm street, and J. F. McCulloch, editor of Our Church Record.

A Costly Error.

There is an error in the new revenue law as to the tax on bank stock, which the state treasurer says will cause the loss of at least half the usual bank license tax. It says that the tax shall be on stock over \$25,000, when \$10,000 was intended. It is an expensive error. There is another error in the act. It ends as follows: Ratified this 8th day of March, 1897, when it should be 1899.

Before the discovery of One Minute Cough Cure, ministers were greatly disturbed by coughing congregations. No excuse for it now. Howard Gardner's

YELLOW JACK IN THE SOUTH

All Of Last Year's Germs Were Killed By The Frost.

FEVER NOT DREADED THIS YEAR.

There is a Strong And Decided Sentiment Favorable To Expansion In The Senate.

Special to the Telegram.

Washington, April 3.—Surge n General Wyman, and other officials of the Marine Hospital, are hopeful of keeping the yellow fever out of the south entirely during the coming summer. The general was seen at the Marine Hospital Bureau the other day and he said that the cold weather in the south during the winter would go far toward keeping down the disease, and all of the germs remaining from the last epidemic were killed by the frost. The only fear of the introduction of the disease has been that it might be brought into the country by the arrival of the soldiers from Cuba and Porto Rico in the south, but the decision of the war department officials to land these troops in the northern states will prevent this, and besides the local health authorities of the south will use all precautionary methods. Surgeon General Wyman says that he expects to have during the coming summer the active co-operation of the medical officers of the various southern states in keeping out the yellow fever, and he does not see how it is possible for the germs to be brought into the country this year.

The announcement that General Matthew C. Butler, of South Carolina, is in favor of the expansion policy of the administration is made. Although the majority of the southern democrats coming to Washington are opposed to territorial expansion in the far east, there is a strong and decided sentiment in favor of the acquisition of the Philippines, and in the senate a large number of Democrats will follow the lead of Generals Butler and Wheeler upon this issue. During the last session of congress many of the southern senators, including Senator McLaughlin, of South Carolina, while opposed to permanently holding the Philippines, announced themselves as moderate expansionists. It is said that the list of expansionists from the south in the next senate is likely to be increased rather than diminished.

North Carolina people in Washington say that the contest of Dockery against Bellamy will be pushed with vigor and Dockery hopes to obtain the seat on the testimony he has secured. In determining the North Carolina contests the Wilmington trouble last fall, just preceding the November elections, will cut a big figure. The contests in each of the districts in this state where they have been instituted will be contested principally on the charges of fraud and intimidation. As the house of representatives will be republican, it would not be surprising if the republicans are accorded the seats.

Senator Martin, of Virginia, is expected to be in Washington today. His friends say that his visit to the national capital has no reference to the senatorial situation in Virginia. He comes to the city at this time merely for the purpose of attending to some few matters before the executive departments in which his constituents are interested.

Friends of Senator Martin and of Senator Daniel say that neither of them have publicly expressed an opinion as to the question which is now agitating the democrats of the state relative to the holding of a primary for the selection of a candidate for United States Senator. Most Virginia democrats are of the belief that a majority of the party favor the primary system and that Daniel and Martin cannot and will not risk their political future by standing in the way of this sentiment.

Mrs. Robert S. Downs has gone to Asheville to spend several weeks with a party of friends from this city who have been spending the winter. Postmasters have been appointed in North Carolina as follows: Glen Ingalls, Buncombe, Joseph P. Rice; Lewiston, Bertie, C. H. Lewis; Magnetic City, Mitchell, Jason Hopson; Panther Creek, Yadkin, William A. Jones and Wakefield, Wake, R. P. Chamberlain.

An unusual incident for Washington occurred at the city hall Saturday when a marriage license was issued to Charles Stewart, a colored man, to wed Helen Lawrence, a white woman.

DEATH OF FATHER NEEDHAM.

The Oldest Preacher in North Carolina Passes Away.

Winston, April 1.—Rev. James Needham, North Carolina's oldest preacher and citizen, died this morning at his home near Pilot Mountain. He would have been 100 years old on May 2, next. He was ill only a few days.

"Father Needham," as he was familiarly called, was actively engaged in ministerial work for 60 years. While he was ever a member of the Methodist Episcopal Conference, he served as a supply pastor many years. His last sermon was preached at Winston during the last session of the Western North Carolina Conference, in November, 1898. He had accepted an invitation to preach the annual sermon at the school commencement in Pilot Mountain the day he reached the century mark.

Father Needham leaves several children and a number of grand and great-grand-children. Two sons and one grand-son are preachers. Rev. Dr. Crasay, of Winston, who was a warm personal friend of the deceased, will conduct the funeral services.

THE BOND BILL.

As to the question of the legal issues involved in the bond bill we believe that those matters can be settled between the purchasers of the bonds and the city, through the the counsel employed on either side. We further know that the city of Greensboro stands in sore and distressing need of street and other improvements to be brought about by the bond issue and such being the case it is not for the best interests of the city to have obstacles tending to impede her progress thrown in the way at a critical time like the present. We believe the matters can be arranged between the board of aldermen and the purchasers and that both parties will look after their respective interests.

We believe there are influences at work to kill the bond issue and thereby prevent a possibility of city ownership of the city water works and lighting plant.

AN INFIDEL'S CRITIQUE

Col. Robert G. Ingersoll is a brainy and a cultured man. But because of his atheistic leanings, his brilliant intellect will never receive the admiration that is due it. Recently in a literary talk in Chicago he said:

"In only two directions have the achievements of this century been beaten. The marbles of Greece have not been equalled and the plays of Shakespeare have not been approached. In the direction of the poetic and the dramatic the human mind in his plays reached its limit. The field was harvested; all the secrets of the heart were told. The buds of all hopes blossomed, all seas were crossed, all shores reached.

"In this century in one direction the mind has reached the limit. The music of Wagner will never be excelled.

"But this is Darwin's century. Its laurel is upon his brow.

"There is now no poet of laughter and tears, of comedy and pathos, the equal of Hood. There is none with the subtle delicacy, the aerial footstep, the flame-like motion of Shelley; none with the amplitude, sweep and passion, with the strength and beauty, the courage and royal recklessness of Byron."

Looking to the future without hope himself it is not surprising that Mr. Ingersoll should have a prejudicial fondness for Darwin, who tried to demonstrate that the crowning achievement of God's glories—man—is as soulless as the vulgar ape of the jungle. And the glowing tribute paid to the gifted but unfortunate Lord Byron might be attributed to the "fellow feeling" existing between the Chicago atheist and the author of "Child Harold," whose "royal recklessness" amounted to a sacrilegious cynicism.

Despite his intellectual greatness, the majority of mankind will not honor the literary opinions—when a moral influence is involved—of this gifted infidel whose life is slipping away and whose remarkable genius is given in an effort to extinguish the only guiding star to weak, wayward man in this world of chaos.

The death of "Father Needham," which is recorded in our news columns today, will be received with sincere sorrow by his thousands of friends all over the state. The writer heard him preach about a year ago, and he spoke with amazing power and vivacity for one of his great age. The old soldier of the cross, weary and worn out, is gone, and will receive for his 100th birthday present a crown of righteousness.

If the dispatches are true, General Eagan has the power of rendering the atmosphere more lurid than any cussor who has hitherto been discovered, and we fear that our champion, Dan Russell, is outclassed by this beefy fellow, who is said to have used up seventeen adjectives in explaining what kind of liar Gen. Miles was.

"Give me a liver regulator and I can regulate the world," said a genius. The druggist handed him a bottle of DeWitt's Little Early Risers, the famous little pills. Howard Gardner.

The Raleigh on the Way.

Washington, April 1.—The cruise of the Raleigh, which will be the first of Dewey's fighting ships to return to the United States, sailed today from Horta, (Fayal), Azores, for Bermuda. It is estimated that the navy department that the Raleigh will be seven or eight days to Bermuda. From Bermuda she will start direct for New York, reaching Tompkinsville three or four days thereafter.

JOB GOES BEGGING.

No Prominent Spaniard Wants to Be Minister to United States

Madrid, April 1.—The government is meeting with considerable difficulty in selecting a suitable representative to the United States upon the resumption of diplomatic relations. The Sagasta ministry had intended to appoint Duke De Ancoas, who had been recalled from the Spanish legation in Mexico for that purpose. Silvela, according to semi-official authority, deemed it expedient to offer the post to some one of greater prominence in Spanish politics. The offer has been declined by more than one prominent Conservative, and it is understood that the place has been refused by De Ancoas himself, to whom the premier finally tendered it.

As the season of the year when pneumonia, in grippe, sore throat, coughs, colds, catarrh, bronchitis and lung troubles are to be guarded against, nothing "is a fine substitute," will "answer the purpose," or is "just as good" as One Minute Cough Cure. That is the one infallible remedy for all lung, throat or bronchial troubles. Inset vigorously on having it if "something else" is offered you. Howard Gardner.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter nauseating tonics. Price, 50c.

Scrofula, a Vile Inheritance.

Scrofula is the most obstinate of blood troubles, and is often the result of an inherited taint in the blood. S. S. S. is the only remedy which goes deep enough to reach Scrofula; it forces out every trace of the disease, and cures the worst cases.

My son, Charlie, was afflicted from infancy with Scrofula, and he suffered so that it was impossible to dress him for three years. His head and body were a mass of sores, and his eyesight also became affected. No treatment was spared that we thought would relieve him, but he grew worse until his condition was indeed pitiable. I almost despaired of his ever being cured, when by the advice of a friend we gave him S. S. S. (Swift's Specific). A decided improvement was the result, and after he had taken a dozen bottles no more. He knew of his former dreadful condition would have recognized him. All the sores on his body have healed, his skin is perfectly clear and smooth, and he has been restored to perfect health.

For real blood troubles it is a waste of time to expect a cure from the doctors. Blood diseases are beyond their skill. Swift's Specific.

S.S.S. For The Blood

reaches all deep-seated cases which other remedies have no effect upon. It is the only blood remedy guaranteed purely vegetable, and contains no potash, mercury, or other mineral.

Dr. and Mrs. W. P. Beall attended the Moravian Easter exercises in Salem, returning home last evening.

Mrs. M. E. Howard returned this morning from Jamestown where she spent Sunday with her sister, Mrs. Sapp, who we regret to learn is not improving.

Rev. T. M. Johnson, pastor of Grace M. P. church, left this morning for Henderson, where he will assist in the celebration of the 70th anniversary of the Methodist Protestant church.

Messrs. J. M. Jenkins and R. L. Mitchell came in Saturday evening from Wilmington. Mr. Jenkins has been quite sick for the past two weeks, but we are pleased to state, is much better now.

Dr. L. A. Johnson spent last night in the city the guest of his brother, Rev. T. M. Johnson, and left this morning for his home in Alamance. He has been in Baltimore taking a course in dentistry.

Mr. R. W. Finlator, who has been extremely ill in Raleigh since about the middle of January, arrived Saturday night and stopped at the Allen House. He is yet quite weak from lingering traces of pneumonia which seem hard to eradicate. Mr. Finlator was accompanied to this city by Maj. W. H. Martin, a knightly gentleman in the true sense of the term. Maj. Martin returned to Raleigh at midnight last night.

"A Breezy Time."

For the last few years, it would seem as if the public has been seeking that class of plays having as their fundamental principal, the creation of merriment.

Working for this idea, the author of "A Breezy Time" has given an amusing and well told story that Fitz and Webster's clever company of comedy players have succeeded in elaborating into an enjoyable entertainment. Meritorious from the fact that it is not only all the element of music and fun, but its story is coherent and full of well sustained interest.

The three acts of "A Breezy Time" have been happily impregnated with music, songs, dances and amusing specialty features, all of which are introduced in an easy and perfectly legitimate manner, and the presentation gives a bright and crisp entertainment.

The finale of the last act was arranged by Fitz and Webster in which they introduce a number of "Rag Time" airs, closing the show with a grand cake walk by the entire company.

"A Breezy Time" will be at the academy of music on Wednesday night.

Scalchi Tomorrow Night.

The second appearance in this city of the world's famous and greatest contralto, Mme. Sofia Scalchi, ought to draw a large and representative audience to the Normal College on Tuesday night next. The lover of music who is absent will undoubtedly miss one of the finest musical entertainments given here in many years and one not likely to be duplicated in the near future. Scalchi's name is a household word in the musical centres of Europe and America. During the past fifteen years she has been associated with all the most famous singers of the period and at one time or another has been the principal contralto of all the principal operatic organizations of the world. At the close of her present tour she goes to St. Petersburg to join the Royal Opera Company and will not sing in this country again.

Associated with Scalchi is the renowned baritone, Signor Alberti, and other operatic stars of note. It will please the public to know that Scalchi will be heard in her most famous role, Azucena, the old gypsy in Verdi's ever popular "Il Trovatore." The entire fourth act will be presented in costume, with scenery, etc., and will be preceded by a grand operatic concert in which all the artists will take part.

"A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft-repeated experience of trust-worthy persons may be taken for knowledge. Mr. W. M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in this drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. For sale by C. E. Holton.

The Czar as a Peace Promoter.

The Czar, with his hands on the throats of his persecuted Finnish subjects, is a nice person truly to pose as a peacemaker, especially as he is just now gloating over the occupation by his troops of a large segment of Chinese territory and is intent upon seizing more. The most that can be done for international peace at the Hague is to secure an agreement to submit several kinds of international disputes to an international tribunal of arbitration.—Exchange.

COURT OPENS TOMORROW.

**Judge Purnell to Preside—Moonshin-
ers Here and Enroute.**

Federal court convenes here tomor-
row, with Judge Purnell presiding and
District Attorney Holton, assisted by
Hon. Spencer Blackburn, prosecuting.

The docket is unusually heavy. The
most important case is United States
vs Union Watch Company, of Wins-
ton, in which the defendant is indicted
for using the United States mails for
advertising a "gold" watch which was
not gold. J. L. Casper et al are the
proprietors of the Union Watch Com-
pany. In this case Judge W. P. By-
num, Jr., represents the defendant and
he, who has been assisting Holton and
Blackburn at Asheville will lock horns
with them here. It will be a battle
royal.

The usual influx of Stokes, Wilkes
and Surry moonshiners has already
begun, several of the midnight prow-
lers having arrived yesterday and to-
day, while many more are already on
the way, coming in wagons or "foot-
back."

One of the nearest lines of Oxford
ties ever shown in Greensboro is now
offered at Shrier's. Ordinarily it is
difficult to procure a comfortable shoe

Such is not the case with our \$1.25
vici kid Oxford ties in black and col-
ors made over the popular coin toe.
These shoes are soft and flexible and
guaranteed to give entire satisfaction.

panied by hemorrhages, and was abso-

Colds. He declares that gold is of
little value in comparison with this
marvelous cure; would have it, even
if it cost a hundred dollars a bottle.

cured by Dr. King's New Discovery

MRS. HOUSEKEEPER:
Please permit us to ask you a very
pointed question: Have you a Uni-
versal Food Chopper? By this we do
not mean a meat grinder, but a Chop-
per, which takes the place of chopping
bowl and beater.

It chops meat, of course, but it does
more. You can chop ham, coconut,
or bread instead of grating it. You
can—but we can't tell it all here. Our
booklet gives full information. Free.

You will have use for it every day in
the year. It is very simple and very
cheap. Please call and let us show
it to you. Yours truly,

Shrier's First Offerings.

We take pleasure this season in presenting for your consideration what
we consider the finest assortment of Form-Fitting Shoes for men and ladies,
misses and children, ever shown in Greensboro.

Our lines for Spring are now complete and only await the prestige of
your approval.

Every new idea in quality and finish, ease and comfort, grace of style
and excellence of workmanship are embodied in this season's production.

Owing to our central location and the nominal expense required to
conduct our business, we are enabled to sell our goods 25 per cent cheaper
than any house in Greensboro, quality and make considered.

The question where to buy good and reliable goods at the right price is
a very important one. We feel if you call on us, we can answer the question
to your entire satisfaction, and make a lasting impression besides.

Do not be deluded by the thought that the assortments in the large
cities are greater. True, the quantity is greater, but the assortment is no
better, and the price is correspondingly higher, owing to the increased
expense.

Kindly call on us at your earliest convenience and allow us to prove
to you that these statements are true.
